INTERESTING FACT!!

Did you know that in 1988 you could buy a Ford 8210 (a big tractor then) for £19,100 and pay for it with 160 tonnes of wheat at £119/tonne. Today you would need 1874 tonnes to buy a 400hp Fendt tractor.

Take care this harvest and listen to this podcast about driving vehicles safely

workright.campaign.gov.uk/podcast-transp...

e.g. Safe use of large goods vehicle, towing leisure and construction
